

# Radio Signal Modelers Flying Club

AMA Charter 1289 - Schiller Woods Flying Field

## Monthly Newsletter

## March 2017

The March 2017 meeting of the Radio Signal Modelers Flying Club was called to order at 6:30 p.m. on Monday, March 13th at the Schiller Park Community Center by President Les Schier. The minutes of the February meeting were presented by Secretary Joe Stanko and were approved by the members. There were approximately 21 members in attendance.

### Treasurer's Report

Frank Roberson presented the Treasurer's report for the month. Cash at the start of the month was \$833 with \$30 in Paypal. The club finished with \$1163 + \$30 after an expense free month, numerous renewals, and one new member. Membership stands at 80. The Treasurer's Report was approved as read.

Les Schier describing a method of determining if an aircraft has an aft, neutral, or forward center of gravity.

Lauren Kloska showing his Laser XP300

**Field Maintenance Committee**

No maintenance to report. There is a new RSM flag. Items have been left at the field.

**Field Safety Committee**

Nothing to report.

**Flight Instruction Committee**

Nothing to report.

**Planning Committee**

Nothing to report.

**Old Business**

No new signage at the field.

**New Business**

Quite a few photos have been added to the

RSM Facebook Group.

**Show and Tell**

Les Schier used a dry erase board to diagram a method of determining whether an airplane is nose or tail heavy. It involves trimming for level flight and then establishing a dive.

Lauren Kloska raffled off several items which he had described in Emails he sent, prior to the meeting. Items included an ammo box, drill bits, Velcro, servos, and testers. Thanks again Lauren! He then showed his Laser XP300.

George Anast shared how his need to spend an extended period at home, led to his construction of two aircraft from Internet sourced plans. One is called "NovaJet".

**Show and Tell cont.**

Don Raasch really aroused curiosity with his "Sweepie". With its canard and reversed swept wing, one might wonder which direction it flies.

**Next Meeting**

The next meeting will be held on Monday, April 10th at 6:30 pm at the Schiller Park Community Center. *By Secretary Joe Stanko*
