

# Membership Application

Flying Field Location:  
Irving Park Rd ¼ mile west of Cumberland Ave.

**AMA Charter Club No. 1289**

## ***About RSM...***

Radio Signal Modelers Flying Club has had its “flight operations” at the Schiller Woods Flying Field since its inception in 1971. The club is currently the only organized AMA chartered flying club supporting the Schiller Woods Flying Field. As a result, RSM members are responsible for the field’s flight readiness. RSM mows the lawn weekly during the growing season and periodically maintains the 300 x 50 foot runway for all users of the Schiller Woods Flying Field. Field maintenance is one of the major use of RSM’s annual dues.

## ***Become a Member...***

It’s easy to become a member of the Radio Signal Modelers Flying Club. Annual membership dues are only \$60 for full membership, and family members may be added for only \$5 more.. Use of the Schiller Woods Flying Field is restricted to members of the Academy of Model Aeronautics “AMA”. Therefore all full members must be AMA members to join the RSM Club. Simply fill out the application below, and mail the completed application along with your **check** made out to:

**“Radio Signal Modelers” 3039 N. 76<sup>th</sup> Court, Elmwood Park, IL. 60707.**

Please keep your email reply as this will be your confirmation of your membership.

Name: \_\_\_\_\_

Address: \_\_\_\_\_ City \_\_\_\_\_ Zip \_\_\_\_\_

Phone #: \_\_\_\_\_ Email: \_\_\_\_\_

AMA#: \_\_\_\_\_ FAA# (optional): \_\_\_\_\_

## ***Attend a club meeting...***

While your attendance at club meetings is not required in order for you to maintain your membership in RSM, it is a good way of meeting with your fellow RC enthusiasts and learning more about RC airplanes through our discussions. The club meets on the second Monday of every month at 6:30 p.m. at the **Schiller Park Community Center, 4501 N. 25<sup>th</sup> Ave.**, Schiller Park, Illinois (October-May). Meetings are held at the Schiller Park Flying Field, weather permitting, for the scheduled meetings in June, July, August and September, also at 6:30 p.m.

## ***Learn to fly RC...***

Several experienced club members have agreed to act as club instructors to assist new club members in learning to fly RC airplanes for the first time. Joining the club as a beginner is the best way to learn proper flying techniques and help preserve your investment in your first plane.
